Infosys Limited

Infosys Limited is an Indian multinational information technology company that provides business consulting, information technology and outsourcing services. The company was founded in Pune and is headquartered in Bangalore. Infosys is the second-largest Indian IT company after Tata Consultancy Services by 2020 revenue figures and the 602nd largest public company in the world, according to the Forbes Global 2000 ranking.

On 24 August 2021, Infosys became the fourth Indian company to cross \$100 billion in market capitalization. Infosys was founded by seven engineers in Pune, Maharashtra, India. Its initial capital was \$250. It was registered as Infosys Consultants Private Limited on 2 July 1981. In 1983, it relocated to Bangalore, Karnataka.

The company changed its name to Infosys Technologies Private Limited in April 1992 and to Infosys Technologies Limited when it became a public limited company in June 1992. It was renamed Infosys Limited in June 2011.

Infosys shares were listed on the Nasdaq stock exchange in 1999 as American depositary receipts (ADR). It became the first Indian company to be listed on Nasdaq. The share price surged to ₹8,100 (equivalent to ₹30,000 or US\$370 in 2020) by 1999, making it the costliest share on the market at the time. At that time, Infosys was among the 20 biggest companies by market capitalization on the Nasdaq. The ADR listing was shifted from Nasdaq to NYSE Euronext to give European investors better access to the company's shares.

CSR POLICY OF INFOSYS LIMITED

Early adopters of corporate social responsibility ("CSR") programmes include Infosys Limited. Stewardship of the environment and the well-being of society are important components of holistic corporate growth, in addition to consistent economic performance. In order to fulfil our CSR commitments and provide a committed approach to community development, the Company founded the Infosys Foundation in 1996. The Infosys Foundation strives to eradicate malnutrition, enhance healthcare delivery, assist early childhood education, rehabilitate the poor, care for animals, and preserve Indian art and culture. To improve local communities, the Infosys Foundation collaborates with non-governmental organisations. Making society and the environment more sustainable and improving the quality of life for future generations have always been the company's main priorities.

Preamble:

The Companies Act 2013 states that,

Every company having net worth of Rs. 500 crore or more or turnover of Rs. 1,000 crore or more or a net profit of Rs. 5 crore or more during any financial year shall constitute a Corporate Social Responsibility Committee and;

Such companies shall make every endeavour to ensure that in every financial year, at least 2% of the average net profits of the company made during the three immediately preceding financial years, in pursuance of its Corporate Social Responsibility Policy.

Vision Statement and Initiatives:

Vision: "To raise aspirations by igniting young minds"

Mission: "To enhance employability through Skill Development Program"

Objectives

The goals of Infosys' CSR Policy are to:

- Strive for economic growth that benefits society as a whole while leaving a small environmental footprint.
- Accept responsibility for the Company's actions and promote a positive impact through its initiatives to reduce hunger, poverty, and malnutrition; to safeguard the environment; and to support communities, stakeholders, and society.

FOCUS AREAS AND MODES OF IMPLEMENTATION

Focus Area:

Infosys CSR activities will, among other things, be focused on:

- **HUNGER, POVERTY, MALNUTRITION AND HEALTH:** Eradicating extreme hunger, poverty, and malnutrition, promoting preventive healthcare and sanitation, and making safe drinking water accessible. This is in accordance with the requirements under the Companies Act, 2013, as well as the rules, regulations, and circulars/clarifications issued thereunder (collectively, "Applicable Law").
- **EDUCATION:** Promoting education, including special education and vocational skills that will improve employment, particularly among children, women, the elderly, and people with disabilities, as well as livelihood improvement projects; financial

contributions to academic institutions for the establishment of endowment funds, chairs, laboratories, etc., with the aim of assisting students in their studies; this also includes skilling and reskilling initiatives for those who need them.

- **RURAL DEVELOPMENT PROJECTS:** Developing sustainable villages through enhancing access, housing, drinking water, sanitation, power, and livelihoods in rural areas.
- **GENDER EQUALITY AND WOMEN'S EMPOWERMENT:** Promoting gender equality and women's empowerment; establishing homes, hostels, and daycare facilities for women and orphans; establishing nursing homes and other similar facilities for the elderly; and taking steps to lessen the disparities experienced by socially and economically disadvantaged groups.
- **ECOLOGICAL SUITABILITY:** maintaining the quality of soil, air, and water while ensuring environmental sustainability, ecological balance, animal welfare, protection of flora and animals, and agroforestry.
- **NATIONAL HERITAGE, ART, AND CULTURE:** Protecting national heritage, art, and culture, which includes restoring historical places, artwork, and architecture; establishing public libraries; and reviving, promoting, and expanding traditional arts and handicrafts.

❖ **Modes of implementation**

Sl. No	Focus area	Implementation strategy
1	Hunger, poverty, malnutrition and healthcare	Work directly or with non-profit organizations at infrastructure and/or operational level to support meal or nutrition related programs in schools and other institutions across India. Work with medical and health related organizations for projects in preventive healthcare, short term and long-term care and treatments.
2	Education	Partner directly or with non-profit organizations, primary, secondary and higher educational institutions including schools, colleges, and universities to encourage efforts in a wide range of areas including training, provision of funding for continued education, skilling and re-skilling initiatives, offline and online education, research, infrastructure development and capacity building.
3	Rural Development	Work with non-governmental organizations (NGOs) and local administrations to achieve community development goals. Partner directly or with governments and NGOs to support projects related to development and improvement of infrastructure and essential amenities, livelihood and skilling initiatives, training and education, and rehabilitating disaster-affected victims in rural areas.
4	Gender equality and empowerment of women	Work directly or with NGOs to reach out to underprivileged and socially disadvantaged persons including women and children towards the cause of gender equality and empowerment. Projects include awareness activities, trainings, support for livelihood related efforts, infrastructure development, and operational needs.
5	Environmental sustainability	a) Work with NGOs on safeguarding the environment, including protection of flora and fauna, promoting climate action, renewable energy, natural resource conservation as well as promoting resource efficiencies across energy, water and waste management. b) Projects can include interventions in the areas of water and wastewater management (watershed management, lake rejuvenation, etc.), rural electrification, waste to energy (household biogas), avoidance or replacement of firewood for cooking with efficient alternatives, forestry, amongst others.
6	National heritage, art and culture	Support artists, including writers, poets, painters, musicians, dancers and theatre artists, in collaboration with partner organizations through contribution towards operational needs, performance activities, livelihoods, and other opportunities to encourage preservation of cultural and traditional Indian art forms. Undertake restoration of architectural structures, historical monuments, and water bodies.

Undertaking CSR Activities;

Infosys will carry out its CSR activities—which are projects, programmes, and other permissible activities—directly or through the Infosys Foundation and/or other qualifying entities and organisations that the CSR Committee has approved.

The surplus from the company's CSR initiatives will not be included in its operating profit. Any surplus must be applied to CSR initiatives in line with this policy.

The CSR Committee and the Board of Directors of the Company ("the Board") will keep an eye on the selection and execution of multi-year CSR initiatives and programmes ("Ongoing Projects") as required by Applicable Law.

CSR ANNUAL ACTION PLAN AND LOCATION OF CSR EFFORTS

The CSR Committee selects the venues for CSR activities. It also creates and recommends to the Board for approval a CSR annual action plan that includes all requirements under applicable law as well as any additional items the CSR Committee may from time to time find appropriate.

At any moment during the fiscal year, the Board may alter the annual action plan in accordance with the CSR Committee's recommendations if there is a good reason.

Impact Assessment

Impact assessments must be carried out by the Company, the recipient, or the implementing agency in accordance with applicable law's requirements and guidelines. The impact assessment report(s) must be presented to the CSR Committee and the Board and must be disclosed as required by law.

COMPOSITION OF CSR COMMITTEE AND DISCLOSURES

The CSR Committee shall be comprised in accordance with the requirements of Applicable Law. This CSR Policy, details of the composition of the CSR Committee and projects approved by the Board shall be hosted on the Company's website at www.infosys.com.

GOVERNANCE

The Company can undertake CSR activities either by itself or through other entities eligible to undertake CSR activities under Applicable Law. Accordingly, Infosys Foundation or such other entity will work closely with and support the Board and the CSR Committee in carrying out the CSR activities of the Company. Infosys Foundation or such other entity will assist the CSR Committee in identifying the areas of CSR activities and execution of initiatives as per defined guidelines. Infosys Foundation or such other entity will also assist the Board and the CSR Committee in reporting the progress of deployed initiatives and in making appropriate disclosures (internal / external) on a periodic basis.

FUNDING, SELECTION AND MONITORING PROCESS

Infosys Foundation or such other entity will receive requests for funding of projects throughout the calendar year. Its panel of experts will evaluate proposals received under the Infosys Foundations' or such other entity's focus areas and projects will be prioritized by assessing their potential impact. The Infosys Foundation or such other entity will then forward its recommendations to the CSR Committee. The CSR Committee will deliberate on the proposals and approve proposals for implementation at its discretion. Infosys' representatives and / or Infosys Foundation or such other entity will collaborate with stakeholders to monitor the status of each project and will report its findings to the CSR Committee periodically to enable the Board and the Management of the Company to meet their reporting, monitoring and other legal obligations. In any year, where the Company has spent

in excess of its CSR obligation, such excess spending shall be available for set off against the Company's CSR obligations for up to the next three financial years in accordance with Applicable Law, and the Board shall be competent to pass a resolution in this regard.
